About Me

I am a fresh graduate as a BSIT student and a dynamic developer skilled in HTML, CSS, JS, Bootstrap, React.js and with fundamental knowledge in React Native, MongoDB, Node.js, and Express.js. My journey began with creating eye-catching web interfaces using HTML and CSS, then mastering JS for interactivity. Utilizing Bootstrap, I designed adaptive layouts, while React.js empowered me to create energetic single-page applications.

Education

Bachelor of Science in Information Technology
Graduated as Cum Laude

2019 - 2023

Quezon City University

Information and Communication Technology

2017 - 2019
